

COVID-19 Vaccination AMA “Ask Me Anything” with REACH Community Health Centre

Do you have a question about COVID-19 vaccines/vaccination that you would like answered? The community health experts at **REACH Community Health Centre** will be offering an opportunity for you, the Brightside resident community, to get answers to some of the questions you may have.

REACH pharmacy manager Afshin Jaberi and other clinic staff will be answering any questions you may have, whether they are about the available COVID-19 vaccines and how they work, the vaccination process, concerns you may have about vaccinations, or **whatever you may want to know about COVID-19 vaccination.**

Please write your question below and drop this page in your building manager’s drop box or submit by email by Friday, April 2, 2021. We will try to have as many of them answered by REACH as possible. All questions will be totally anonymous. We will distribute the answers to your questions as soon as they are available. The AMA will also be available on the Brightside website.

COVID-19 Vaccination “Ask Me Anything” with REACH Community Health Centre

Please submit your written question in the building manager’s drop box, or by email at vaccineAMA@brightsidehomes.ca.

Deadline for question submission is **April 2, 2021 at 5:00pm.**
